

Winter Road Maintenance

September 13, 2010	Pewaukee	September 17, 2010	Tomah
September 14, 2010	Green Bay	September 20, 2010	Hayward
September 15, 2010	Tomahawk	September 27, 2010	Barneveld
September 16, 2010	Eau Claire		

Important Topics

Topics for this practical workshop include

- Winter driving skills for plow operators
- Liability, policies and plans for winter road maintenance
- How salt and sand work, and ways to improve their effectiveness
- Examples of new equipment and procedures for effective winter maintenance

The workshop offers you the opportunity to review your winter maintenance plans and procedures and share experiences. The instructors will encourage you to discuss your operations and concerns. You will learn what others are doing and get new ideas that you can use.

Who Should Attend

This workshop will benefit

- Elected officials
- Street and highway superintendents
- Public works engineers
- Foremen
- Others with responsibilities for snow and ice control

Upcoming Workshop

Watch your mail and *Crossroads* newsletter for details.

Highway Safety
