

Town Advocacy Council

Champions of Town Government

What is the Town Advocacy Council?

The Town Advocacy Council is one of WTAs' most influential strategies. Founded in the 1980s, the TAC is a subsidiary of the Wisconsin Towns Association that has evolved over time. One of WTA's main purposes is to provide legislative advocacy in support of towns. The TAC is the primary instrument through which we accomplish this. Without the investment in TAC by town leaders, we would not be able to provide the lobbying efforts that have recently produced a plethora of both offensive and defensive victories. In Addition to funding general legislative advocacy efforts, TAC investment helps pay for WTA's Capitol Day, the Local Government Institute, legislative listening sessions, and educational workshops.

2019-2021 Legislative Priorities

1. Transportation
2. Land Use
3. Town Law Reform
4. Volunteer Fire/EMS
5. LOSAP Funding
6. Broadband

Every legislative session, the Town Advocacy Council hosts listening sessions with town leaders to gather ideas for pursuing legislation. The TAC executive committee considers the information and creates a recommended list of priorities for the lobbying team. The recommendations then go to the WTA board for consideration and eventual approval.

Along the way, each legislative session also provides unique opportunities that were not on the initial priority list. The TAC executive committee provides direction on if and how to take advantage of them.

In the last 5 years, the TAC has influenced adoption of 57 pieces of legislation & leveraged over \$300 million in efficiencies and additional funding.
